

April 16, 1942.

Mr. Loyal C. Medley,
199 Howard St.,
Newark, N. J.

Dear Mr. Medley:

I received your letter this Morning. Thank you for contacting Miss Bailey for me. I have been endeavoring to get in touch with the Band Leader, whom we have engaged for that occasion, to see what arrangements would be made for accompanying a singer. I will contact her as soon as I can get some definite information.

About the Drum and Bugle Corps, I believe my program for this year is so full that it would complicate matters too much to add any additional attractions. We of course have the American Legion group, which opens the season each year, and this along with other arrangements I am making I feel is enough. The ball fans are primarily interested in the baseball, and too much ceremonies is worse than not enough.

I appreciate your kind offer, and may be you will want to bring the group to some other game or possibly opening next year.

Very truly yours,

EM:CCJ
